ASX CORPORATE GOVERNANCE PRINCIPLES

The following is a summary of the 8 Corporate Governance Principles, including comments where applicable on the Recommendations, and extracts from the policies adopted by the Company which demonstrate how compliance has been achieved.

Corporate Governance Statement

PRINCIPLE 1: Lay solid foundations for management and oversight

1.1 CHARTER FOR THE BOARD OF DIRECTORS

An important and basic corporate governance policy is the Charter for the Board of Directors, which is regularly reviewed. The Charter is available on the Company's website.

The Charter, as supported by the Directors' Code of Conduct detailed at Principle 3, sets out the following requirements:

-) The role of the Board;
-) The responsibilities of the Board;
-) The Board structure;
-) The skills required on the Board; and
-) The Directors' general roles.

The Board is responsible for the overall corporate governance of the Company including its strategic direction, establishing goals and responsibilities for management and monitoring the achievement of these goals.

The Board seeks to identify the expectations of the security holders, as well as other regulatory and ethical expectations and obligations. In addition, the Board is responsible for identifying areas of significant business risk and ensuring arrangements are in place to adequately manage those risks.

To ensure that the Board is well equipped to discharge its responsibilities, it has established guidelines for the nomination and selection of directors and for the operation of the Board. To assist in the execution of its responsibilities, the Board has established an Audit and Risk Committee. The Company have three committee members, all are non-executive directors and the majority, two, are independent directors.

The responsibility for the operation and administration of the Company is delegated, by the Board, to the executive directors and senior management team. The Board ensures that this team is appropriately qualified and experienced to discharge their responsibilities and has in place procedures to assess the performance of the executive directors and the senior management team, which was undertaken in the last reporting period.

Whilst there is ongoing interaction between the Board and Management, the Board functions independently of management to establish the policy framework of the Company from which management works to perform the daily functions of the business

The Board is responsible for ensuring that management's objectives and activities are aligned with the expectations and risk identified by the Board. The Board has a number of mechanisms in place to ensure this is achieved including:

The Board's roles and responsibilities

The primary responsibilities of the Board include:

-) Board approval of strategic objectives designed to meet stakeholders' needs and manage business risk;
-) Ongoing development of the strategic objectives and approving initiatives and strategies designed to ensure the continued growth and success of the entity;

-) Implementation of budgets by management and monitoring progress against budget – via the establishment and reporting of both financial and non-financial key performance indicators.
-) Appointing the Chair of the Board;
-) Appointing and reviewing the performance, remuneration, and succession plans of the Executive/Managing Director;

Corporate Governance Statement

-) Approving and monitoring the effectiveness of the Company's system of corporate governance;
-) Assessing the Company's funding requirements; and
-) Monitoring borrowings from financial institutions.

At all times the Board retains full responsibility for guiding and monitoring the Company. Due to the size of the Board and Company, apart from an Audit Committee and Remuneration Committee, there are no other separate committees of the Board, the Board maintaining full responsibility on matters of finance and treasury with assistance from the Executive Directors and CFO.

Board Meetings

The Board holds 10 to 12 formal meetings a year. Additional meetings are held as required. A meeting is held each year to review and approve the strategy and financial plan for the next financial year. The Board also meets with Executive Management to consider matters of strategic importance to the Company.

During the year all the Board members visited Kangaroo Island and Adelaide sites.

Senior Management Team's Responsibilities

The Managing Director "MD", Executive Director, Executive Director of Operations "EDO", Executive Director of Community Engagement "EDC", Chief Financial Officer "CFO" and Approvals Managers ("senior management team") are responsible for running the affairs of the Company under delegated authority from the Board and for implementing the policies and strategy set by the Board. In carrying out their responsibilities the senior management team must report to the Board in a timely manner and ensure all reports to the Board present a true and fair view of the Company's financial position and operational results. Corporate Governance Statement

1.5 DIVERSITY POLICY

The Board has always been aware of the advantages that may flow from diversity in respect to gender, age, ethnicity and cultural background and has taken those factors into account when considering new appointments at all levels within the Company.

Corporate Governance Statement

PRINCIPLE 2: Structure the Board to add value

2.1 NOMINATION AND REMUNERATION COMMITTEE

In view of the size of the parent entity, the directors have considered that establishing a nomination and remuneration committee would contribute little to its effective management and accordingly all directors participate in decisions regarding the nomination and election of new Board members.

2.2 BOARDS' SKILL MATRIX

The below skills and diversity attributes have been identified as the optimum skills and diversity attributes the Company seeks to achieve across its Board membership. The Board currently possesses an effective blend of these skills and diversity attributes. However, the Board is conscious that recently announced developments may require some dimensions to be supplemented in the future. The Board reviews the skill mix annually or as required if circumstances change.

2.3 DIRECTORS INDEPENDENCE AND LENGTH OF SERVICE

The names and details of the Company's directors in office are as follows:

Gregory Boulton AM	Non-Executive	1 November 2016	16 October 2018	-

(1) Appointed Chair on 1 July 2009

(2) Appointed as a non-executive director on 15 October 2018 and became an Executive on 11 March 2019 before taking over the managing director role from John Sergeant on 1 June 2019

(4) Appointed EDC on 1 May 2017

(5) Appointed EDO on 1 April 2017

(6) To stand for election at next AGM

The Board comprises one (prior: one) independent non-executive director, Gregory Boulton AM; one non-executive director, Paul McKenzie; and four executive directors, Keith Lamb, John Sergeant, Shauna Black and Graham Holdaway. The Board believes that the executives were the best candidates given their knowledge of the Company.

Corporate Governance Statement

PRINCIPLE 2: Structure the Board to add value (continued)

Paul McKenzie and John Sergeant were previously independent non-executive directors. However, they are no longer 'independent', as defined by the ASX, due to their substantial shareholding in the Company and Paul McKenzie's length of service. Keith Lamb, Graham Holdaway and Shauna Black were previously independent non-executive directors. However, they are no longer 'independent', as defined by the ASX, as they were appointed executives.

The Board unanimously agrees that Paul McKenzie, John Sergeant, Keith Lamb, Graham Holdaway and Shauna Black continue to act in the best interest of all security holders.

2.4 MAJORITY OF DIRECTORS INDEPENDENT

Best practice recommends that the majority of the non-executive board members should be independent. The Board believes that the current board membership is effective in the current strategic development stage of the Company. During the year the board membership included 20% (prior: 20%) independent non-executive directors. The board membership is reviewed annually and a further independent non-executive director could be recruited once the development of a wharf commences or the mill operations recommence, in order to expand the Board's experience and qualifications as the Company transitions into the next development stage.

Directors are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement; and are not a substantial shareholder of 5% or more in the Company.

2.5 CHAIR IS INDEPENDENT

Best practice recommends that the Chair of the Board is independent and not the same person as the Managing Director. The Board believes that the current Chair is effective despite Mr McKenzie not being independent due to his shareholding and length of service. The board membership is reviewed annually and a further independent non-executive chair could be recruited once the development of a wharf commences or the Board feels circumstances have changed and an independent chair is required. The Board is comprised of 20% independent directors and the Managing Director role is performed by another director, Mr Sergeant.

2.6 INDUCTION AND PROFESSIONAL DEVELOPMENT

The Company has also developed an informal induction program suitable for new directors and senior management. The Company encourages all directors to attend the Australian Institute of Directors' courses at the company's expense.

Corporate Governance Statement

-) do not make or review improper payments, benefits or gains.

Trading Policy

The long-term holding of the Company's securities by designated persons is encouraged. However, under the Company's Securities Trading Policy, a designated person must not trade in any securities of the Company at any time when they are in possession of unpublished, price-sensitive information in relation to those securities.

Also, they must not give such information to any other person who is likely to:

-) use this information to trade in the Company's securities; and/or

Designated persons are prohibited from trading in the Company's securities during the following periods:

-) From 1 July to one day after the release of the Company's final results;
-) From 1 January to one day after the release of the Company's half-year results; and
-) Any other periods as may be determined by the Board and communicated to designated persons.

Exemptions

-) Where severe financial difficulty or hardship can be demonstrated.
-) By Order of a Court of Australia.

At no time will approval for the purchase of the Company's securities be granted to designated employees during the closed period.

Notification of Dealings by Directors

As required by the ASX Listing Rules, the Company is required to report any transaction conducted by Directors in the securities of the Company to the ASX within 5 business days after the date of the transaction.

Directors are required to report these transactions to the Company Secretary the day following the transaction so the appropriate disclosure can be made and to ensure the Company's compliance with the ASX listing rules.

Corporate Governance Statement

PRINCIPLE 4: Safeguard integrity in corporate reporting

It is the Board's responsibility to ensure that an effective internal control framework exists within the entity and for establishing and maintaining this framework of internal control and ethical standards of the Company.

In accordance with best practice the committee should be comprised of three non-executive members, of which the majority are independent and an independent chair. Since April 2017, the Company only has two non-executive directors of which half are independent. The current Audit and Risk Committee does not meet best practice at present, the board believes that the Audit and Risk Committee is of sufficient size for the Company's current circumstances and it will review the committee membership when circumstances change.

From time to time the Company's senior management team and the Company's auditors, are invited to attend meetings of the committee.

The number of meetings held during the year and the number of meetings attended by each director were as follows:

	Number of meetings attended	Number of meetings held during the year
Gregory Boulton AM (appointed 1 November 2017) Independent Chairman (from 28 February 2017)	3	3
Paul McKenzie Non-Executive Director	3	3

The responsibilities of the Audit and Risk Committee are contained within its charter and include:

-) Assessment and monitoring of internal control adequacy.
-) Assessing the need for an internal audit function.
-) Overseeing and monitoring integrity of financial reporting.
-) Review draft annual and interim financial statements with management and external auditors and making recommendations to the full board.
-) Review and monitor the Company's compliance with laws and ASX Listing Rules.
-) Review performance against the Company's Code of Conduct.
